3rd Annual Campbell Airport Event a Huge Success

Smokin' Hot pilots John Olson and Rick Terzo

Two years ago pilots Rick Terzo (Cessna 340 out of C81) and John Olson (Cessna 421 out of C81) decided to have a fundraiser for Wings of Mercy at their home airport in Grayslake, IL. Every year the event has grown and now includes a 5K Run/Walk and fun events for the whole family.

Amazing Campbell Airport Volunteers!

On Saturday, July 15, the pilots and their wives (Cheryl and Deb), along with many other family members and friends, raised over \$25,000 for Wings of Mercy! These dedicated volunteers didn't let the Lake County flood waters deter them

from having a wonderful event and we thank them for their commitment to the mission.

Please come by and say hello!

We need your help with our pilot recruiting efforts at Oshkosh this year. Please drop by booth 2125 with your aviator friends, and/or pick up some brochures to share with your fellow campers, and help us spread the word about Wings of Mercy at the World's Largest Aviation Event. This is a wonderful opportunity for you to introduce your friends to Wings and share your stories.

See you there!
Grace

Patient Updates

Recently, Wings of Mercy had the privilege of assisting basketball star, Lacey James with his annual trip to the Mayo Clinic. We received this update from his mom, Karie.

"Lacey was born and raised in the Grand Rapids, MI area. He recently transferred as a sophomore student to Northern Illinois University where he will play basketball. Lacey makes annual trips to the Mayo Clinic for his heart and we are so thankful for Wings of Mercy and their pilots who help with our trips! The annual trips are a stressful time when dealing with heart-health.

By Wings of Mercy providing the transportation, and their pilots donating their time and planes, it is such a blessing!"

Thank you!

Pilot Information

Wings of Mercy pilot, Kevin Dingman, has another article in
Twin & Turbine magazine this month. You may read
Directions [here](#).

Wings of Mercy is a volunteer organization that provides free air transportation for people with limited financial means who
need treatment at distant medical facilities. Patients are carried on private aircraft by volunteer pilots.
